

Renweb (ParentsWeb)

Parents may access their student's assignments, grades and syllabus, the school directory, and other documents on the school's Renweb system.

- Go to www.theambroseschool.org
- Click on the "Parent Life" tab
- Click on "Renweb"
- Returning parents can use the same login and password year after year.
- If you are unable to get on ParentsWeb, please call the office for help.

If your address, phone number or email address changes during the year, please make sure to login to Renweb to update your account by clicking on "Family Information," then "Family Demographic Form" (FDF) in the Online Filing Cabinet.

We encourage all of our parents to use this resource on a regular basis. Every parent is set up to receive notifications if your child receives a zero on an assignment. You can also opt-in to receive weekly, or daily progress reports. Though the same FDF, click on the parent who wants to receive the reports and make your choice under "Auto Email Gbk".

- Access via **theambroseschool.org** or **renweb.com**
- On theambroseschool.org, click on the "Parent Life" tab and then on "Renweb"
- New parents click on "Create New ParentsWeb Account"
- District Code is FA-ID

Questions? Call the office or email **office@theambroseschool.org**
