School Profile

THE AMBROSE SCHOOL

2022 - 2023

The Ambrose School is a preK-12 liberal arts co-educational school that teaches students how to learn through a classical and Christian approach to education. Our mission is to educate the whole student by fostering virtue and mature character, sound reason and sound faith, a masterful command of language, well-rounded competence, literacy with a broad exposure to books, and an established aesthetic.

CORE CHARACTERISTICS

Great Ideas | Our teachers engage students in Socratic discussions of great works of history, literature, poetry, art, music, and science. Students study over 115 original works including the *Iliad* and the *Odyssey*, *Antigone* and *Oedipus Rex*, the *Bible*, *Divine Comedy*, the *Koran*, *Beowulf*, *Hamlet*, *Paradise Lost*, *Pride and Prejudice*, the *Communist Manifesto*, and *Origin of Species*.

Senior Thesis and Rhetoric | One of the main ends of our students' education is the ability to winsomely persuade others through clear and purposeful writing and speaking. Students take a year of logic instruction and read Aristotle, Cicero, and Quintilian's works on rhetoric. As the culmination of their Ambrose education, students research and write a 20 page thesis on a political, theological or cultural issue, and then defend it before a panel of community members.

House Leadership and Community Service | Students in grades 7-12 are members of one of eight school Houses. Through our House Program students serve in leadership roles, mentor younger students, compete against one another in athletics, and partner with community service organizations. Our student body completes 2500 to 3000 hours of community service yearly.

Senior Europe Trip | Our seniors spend two weeks encountering the art, architecture and history of London, Paris, Florence, and Rome. From the Roman Colosseum to the Louvre to the Churchill War Rooms, our students experience first-hand the history and heritage of Europe.

Well-Rounded Core Classes | Ambrose students gain a strong foundation in the humanities, mathematics, the natural sciences, and world languages; additionally, students take four years of performing or applied arts, including theater, choir, orchestra, art, and broadcast media.

HUMANITIES

Letters III, IV, V, and VI are two-hour daily courses integrating the literature, history, art, and philosophy of a time period. Freshmen study American history and culture, sophomores the ancient Greeks and Romans, juniors the Middle Ages, and seniors the early modern through contemporary periods. Additionally, students take **Comparative Civilizations** and **20th Century Art and Culture**. Students participate in Socratic discussions of original sources. We study these works in their historical and cultural contexts and for their lasting influence on our world.

RHETORIC COURSES AND THESIS

Freshmen in **Writer's Rhetoric** focus on persuasion through the written word. Sophomores in **Rhetoric I** practice oral persuasion through public speaking. Juniors in **Summa Theologica** and seniors in **Summa Civitas** research, write, and defend thesis papers. Recent thesis titles include, "Gene-Editing Technology and the Imago-Dei," "Interpretation in Question: The Supreme Court and Judicial Activism vs. Judicial Restraint," and "Cruel and Unusual Punishment: The Problem with Three Strikes Laws."

PRECEPTORIALS AND TEACHER APPRENTICESHIPS

Our one-credit preceptorial courses are electives on a wide variety of subjects. Teaching assistantships (TA) give students experience helping in a classroom. Students in a teaching apprenticeship (TAp) help run the classroom and gain teaching experience.
