SCHOOL DISTINCTIVES

Great Books

Ambrose students read over 115 original great works of the Western tradition such as *The Iliad* and *The Odyssey*, the Bible, *Beowulf*, *Hamlet*, *Pride and Prejudice*, and *The Origin of Species*.

House Program

Each student in grades 7-12 is a member of one of our fourteen school houses, where students serve in leadership roles, mentor younger students, compete against one another in athletics, and partner with community service organizations.

Senior Trip

Our seniors spend two weeks traveling through Europe in order to encounter first-hand the art, architecture, and history they have studied at The Ambrose School.

Well-Rounded Core Classes

Ambrose students gain a strong foundation in the humanities, mathematics, natural sciences, world languages, and performing and applied arts.

The Ambrose School is a pre-K-12 liberal arts co-educational school that teaches students how to learn through a classical and Christian approach to education. Our mission is to educate the whole student by fostering virtue and mature character, sound reason and sound faith, a masterful command of language, well-rounded competence, literacy with a broad exposure to books, and an established aesthetic.

PROGRAM OVERVIEW

Letters Courses

Our Letters courses integrate the history, literature, philosophy, theology and art of a time period and serve as the foundation of our program. Students read the great works of Western thought and engage with the great questions of human experience through Socratic discussions.

Summa Courses

In **Summa Theologica** students study orthodox Christian theology. In **Summa Civitas**, students learn political theory and American government.

Writing and Rhetoric Courses

Freshmen in **Writer's Rhetoric** focus on written persuasion. Sophomores in **Classical Rhetoric** practice persuasion through public speaking. In our **Junior Thesis** and **Senior Thesis** courses, students research an area of interest, develop an argument with strong evidence, and defend their position in a lengthy paper and in an oral defense before a panel of judges.

Preceptorials and Teaching Apprenticeships

Our one-credit **Preceptorial** courses are electives on a wide variety of subjects. **Teaching Assistantships** give students experience helping in a classroom, and our **Teaching Apprenticeship** students teach and help run a classroom.
